Chartered Dec. 21

St. John Ambulance Unit Formed For County Area

With the arrival from Ottawa of the Charter, the Vulcan Composite Auxiliary Division No. 499 of the St. John Ambutance Brigade is now officially in existence. The Charter will be officially presented on Wednesday night, December 21, at a meeting to be held at the home of Mrs. Chester Rea, by Cliff Stampe, Provincial Officer from the Calgary Headquarters of the St. John Ambulance. Brigade officers will also be in attendance. In addition to presenting the Charter, Mr. Stampe will officially install the officers and present the group with their equipment.

Organization of the unit took place last June and officers are: Chairman, J. Lundy Findlay; secretary-treasurer, Mrs. Mabel O. Rea; duty officer, Adrian Broere; divisional surgeons, Dr. A. D. Tompkins and Dr. M. E. Koziol; stores officer, Percy M. Clark; nursing officer, Mrs. Muriel Graham.

Area covered by the group is the County of Vulcan No. 2. Instructors in the group are: for "Patient Care in the Home," Mrs. Muriel Graham of Vulcan. and for First Aid, Mrs. Mabel O. Rea, and J. Lundy Findlay of Vulcan and Mrs. Muriel May Sokvitne of Lomond. Others in the Division are: William James Roebuck and William L. Roebuck of Champion, and Mrs. Lola R. Findlay, Mrs. Nora E. Simmons, Harvey J. Simmons, Robert N. Johnston, William Crossfield, David Lundgren, Dr. Ken Orchard, Ed Rutschke, Mrs. Lillian Florence Onstad, Miss Rose Ann Findlay, Robert Petrosky and Miss Janice Fay Findlay. An effort will be made immediately to enrol further members so that all can get an early start in the 1967 training program which will consist of courses in both "Patient Care in the Home" and advanced Senior First Aid. It is expected that training meetings will be held twice monthly in the first four months of the year and then reduce to one meeting per month.

Purpose of the Vulcan Composite Auxiliary No. 499 is to train personnel, to have trained staff ready

Dave Schierman Again Heads Radio Club

Officers for 1967 were elected by the Vulcan County Amateur Radio Club at the Dec. 8th meeting held in the Civil Defence Room.

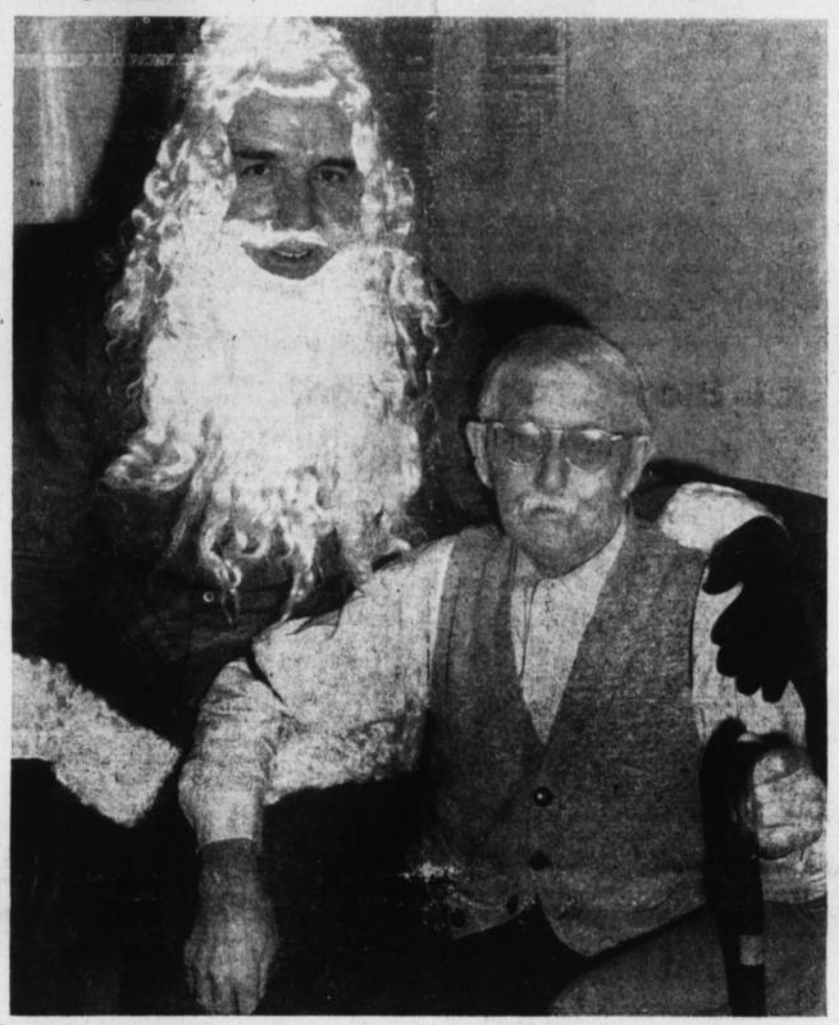

Dave Schierman (VE6ARO) was re-elected for a second term as president; Eileen Moyer (VE6AIS) was elected publicity chairman.

Bert Hansen (VE6AHG) and Ivan Adams (VE6AQQ) will continue teaching with all members lending a hand.

New members joining in the last three months are Gordon Clayton, Blair Shaw, Don Jantzie, Paul Janecek, Joe Sovertka, Dr. John Lakins and Rev. W. O. MacCallum.

Department of Transport exams will be held in the middle of January and it is hoped that many new stations will be "On the air" in the near future. It appears that the wives and families of the students are running out of patience with all the morse code practice resounding through their homes these days.

Next meeting will be held Jan. 5 at 8 p.m. in the Civil Defence Room. Community service and readiness in any emergency are two aims of the club and they express appreciation to residents of this district for co-operation in making this a successful organization.

The Years Have Been Good To These Two Chaps

For a man who did not ride with, but knew well the Dalton boys of U.S. western fame, the recent meeting between Charles W. Galloway above and Santa Claus might have produced some interesting questions and answers about the changing demands of old St. Nick over the years.

At 92 years of age Mr. Galloway, living "these past two or three months" with his son Earl and family at Vulcan, sees the lights and luxuries of Christmas in our affluent society. But he probably remembers more deeply the pioneer years when Christmas was a close, personal thing where families had little to celebrate with but much to celebrate about.

Mr. Galloway was born in Missouri and raised in Indian territory of Oklahoma where he

Shopping Hours Shift Coming, '67

The results of a survey and petition this fall on the part of the Vulcan District Chamber of Commerce, to alter the town's night shopping schedule, were given by committee chairman Cliff McAskile at the December supper meeting of this group at the Vulcan Hotel banquet room.

Majority of businesses favored the Chamber's proposal to institute Friday night shopping rather than the present Saturday night hours which have been in effect throughout the business life of the town. The petition was presented to Town Council which this Monday gave it the necessary readings to amend the early closing by-law and become effective Jan. 1, 1967.

It is possible that with council's acceptance of the petition Vulcan may be the first town in Southern Alberta to adopt Friday night shopping. Merchants have felt over the past several years that on Saturdays, more people are either away from town or farms or are staying at home . . . in neither case are they shopping as much as used to be the case. On the other hand many local social and school functions are being held Friday nights which bring families to town and access to stores would likely be appreciated. The fact that city stores are also open Friday nights is another reason for adoption of this change.

Clarification of Christmas store hours was also given at the meeting. Stores will remain open Friday night, Dec. 23, until 9 p.m. and will close at 6 p.m. Saturday night, Christmas Eve. With Christmas Day falling on Sunday, Vulcan will follow other Alberta towns and stores will remain closed Monday, Dec. 26 and Tuesday, Dec. 27. The New Year's schedule will see Vulcan stores with their usual Saturday hours, closed on Monday, Jan. 1, but open on Tuesday, Jan. 2.

A motion was passed giving financial support to the Christmas Aid Fund of the Vulcan Ministerial Association.

Allan McAskile, chairman of the Chamber's centennial committee, reported on an unsuccessful meeting Dec. 5, which was to have included representatives from points in the county. Another attempt to meet with these communities will be made on Jan. 12.

Bethel Guild Makes Donations

The Bethel Lutheran Guild held their Christmas meeting at the Eric Brown home at Ensign December 6, and Mrs. Sheila Brown was co-hostess. Rev. Matejka gave the devotional and the Christmas Story.

Business consisted of plans for the pot-luck dinner to be held in the basement of the church, after the children's program December 18.

On Thursday evening, December 22, members wil accompany Rev. Matejka to the Dawson Lodge where he will hold services. Ladies will bring cookies and candy to the Lodge.

A donation was made to the Ministerial Association and to the Nursing Home, after which Sunshine Friends were revealed and an exchange of gifts took place. A bake-sale among the members was held and the meeting closed with the Lord's Prayer repeated in unison by those present.

The first commercial Christmas card business was in 1863.

Recreation Group Receives Further Fund Donations

Christmas came early to the Vulcan and District Recreation Centre when Keith Aiken, president of the Vulcan Kinsmen Club, presented Recreation president Dr. Everrett Hill with a cheque for $1,000 on behalf of his organization at the December 7 meeting of the group.

This represents the second $1,000 installment on a three-year pledge by the Kinsmen to contribute a total of $3,000 to the current building project. This donation was warmly received by the 20 members present and Dr. Hill expressed his gratitude to the Kinsmen president for the club's assistance.

In other business Dr. Hill gave a report on the Youth Seminar held in Lethbridge on Nov. 9 and on the meeting held at Vulcan with Mr. Hartly and architect W. Milne the following day.

Consideration was given to arrangements for the Regional Recreation meeting to be held at Vulcan in January but no date has yet been confirmed.

A committee of Keith Aiken, Mr. Grey and Jack Deans was appointed to organize an ice carnival this winter.

With the receipt of funds from the recent carnival, auction sale and donations from the Kinsmen and Lions Clubs a motion was passed to pay $500 on each of five outstanding notes and a sum of $2500 be applied to the principal of the remaining bank loan.

It is the custom in Britain to leave toys under the tree until afternoon on Christmas Day.

SOMEONE SPECIAL. Santa arranged his busy schedule during his afternoon in town Dec. 10 to visit those of all ages who could not see him. One of those shut-ins was nine-year-old Arlone Rutschke, who, the day before had her appendix removed. While conditions prevented her from laughing outright at Santa's antics she had a ready smile for her unexpected and welcome guest and is assured she will not be forgotten this Christmas day.

NEVER TOO OLD. Age has no meaning when Santa (in photo right) takes to the road searching out his friends. During his time at Vulcan Dec. 10 he brought happiness to hundreds of children downtown but was an especially welcome guest at the Blunt's Nursing Home. Above he is shown with Bill Rodebuck while Mrs. Margaret Heer and helper Mel Burgess look on.

To you whose friendly patronage and goodwill helped make this year a happy one, we extend our sincere appreciation and our good wishes for a Merry Christmas and a Happy New Year.

Mr. and Mrs. C. J. Versluys recently spent several days in Edmonton where Mr. Versluys attended the FUA convention and board meetings and then journeyed to Winnipeg for sessions of the executive of the National Farmers Union, of which Mr. Versluys is a director.

Editor's Note: Effective January 1, Mrs. Lee Marie Howerton will resume duties as Advocate correspondent for Champion and district. Readers are asked to notify Mrs. Howerton concerning guests they may have or other news of interest or to send such news to the Advocate office so it may be included in Mrs. Howerton's column. You co-operation is needed to give good news coverage of Champion and district.

Mrs. P. Patterson had the misfortune to fall and break her hip recently and is now a patient in the General hospital, Calgary, Mrs. Henry Ferguson accompanied her to Calgary.

WMS MEETING

The December meeting of the WMS was held at the home of Hilda Munton with nine present. Roll call was answered by reading a Christmas verse from the Bible and each member bringing a toy. These will be packed and sent to Bethany Homes for Christmas.

Miss Helen Lambodie from the Island of Uruba brought the devotional by giving her testimony and then showing slides of the home for neglected children at Timbec Bay where Miss Lambodie will serve as a missionary. This was followed by a season of prayer on behalf of many missionaries. It was decided to send the Advocate to Bob and Ruth Steeves, missionaries in the Philippines for another year.

A letter was read from the UCW inviting our group to their Christmas party. This was accepted with pleasure.

After the meeting was adjourned Harriette Ruggles closed in prayer. A delicious lunch was enjoyed by all.

FELICITY CLUB

The December meeting was held at the home of Mrs. Doris Davies with 14 members and 3 guests, Mrs. Lois Schultz, Mrs. Jean Schultz and Mrs. Clara Smith present.

Mrs. Barbara Groves was congratulated by the members for having had perfect attendance during the year. Mrs. Irene Smith presented Barbara with a very pretty Christmas corsage.

Plans were finalized for our Annual Christmas party to be held Saturday, Dec. 17 at 5:30 in the hall basement.

The highlight of the afternoon was election of officers. Our new President for the coming year will be Mrs. Irene Smith, secretary will be Mrs. Alberta Burton. The outgoing executive thanked the members for the support given to them during the past year.

The raffle was won by Mrs. Irene Smith. Roll call for January will be revealing our good neighbors. The January meeting will be held at the home of Mrs. Virginia Smith.

Mrs. Jean Schultz displayed a number of Christmas decorations and gave instructions on how to make them. This was very much enjoyed by the ladies.

Mrs. Davies, assisted by her daughter, Mrs. Irene Smith and Mrs. Evelyn Bjornson served a lovely lunch bringing a pleasant afternoon to a close.

Mr. and Mrs. Harry E. Smith are holidaying in Arizona.

DINTON

A Christmas pot-luck supper and party was held Dec. 10.

Mrs. Ken Bauer and children were visitors the past week with Mr. and Mrs. H. McWilliam.

Visiting the Litchfield family recently were Mrs. J. Davison and girls.

Congratulations are extended to Mr. and Mrs. Verne Peterson on their 56th wedding anniversary and to Mr. and Mrs. R. T. Johnston on their 34th wedding anniversary. Both anniversaries were celebrated Dec. 14.

Get well wishes are extended to Mrs. Hattie McKeage and Jack Thurber.

Jim Litchfield is home for the holidays from U. of A., Edmonton.

Miss Norma Raycraft entered a nurses aide course Dec. 19.

Rev. and Mrs. Tom Betton are spending the holidays with Mr. and Mrs. Roger Wade and family, in Vancouver.

Miss Janis Laycraft was home last weekend.

Your correspondent wishes to extend a Merry Christmas and a Happy New Year to everyone.

DINTON W.I.

The December meeting of the Dinton WI met in the new home of Mrs. Wm. Willocks with 12 members and one visitor.

The Alberta Horticulture paper will be subscribed for each member. Art Stephenson has offered to make the sign for the hall.

The new slate of officers for 1967-68 is as follows: President, Mrs. R. T. Johnston; vice-president, Mrs. S. N. Gillanders; secretary, Mrs. Keith McKeage; treasurer, Florence Cannon; directors, Mrs. Alvin Montgomery, Mrs. Herb McWilliams and Mrs. John Gillanders.

Following the meeting the entertainment committee conducted two contests. With the exchange of gifts members then enjoyed a delightful Christmas lunch served by the hostess, assisted by Mrs. H. McWilliam. The next meeting will be held Jan. 18, 1967, at the home of Mrs. Alvin Montgomery.

We're hoping that all our good friends whom we have had the pleasure to serve for so long will have the merriest Christmas ever.

LETTER TO EDITOR

Editor, The Advocate.

THANK YOU

The Canadian Red Cross Society, as a principal participant of many United, Combined and Federated Appeals, wishes to express its appreciation to the voluntary officers, canvassers and staffs of those organizatitons throughout Alberta for their splendid work. Their co-operation and interest in raising funds for the many Red Cross services and programs, and for the many other participating agencies, is worthy of the highest commendation.

Special appreciation goes out to the Red Cross chairmen and canvassers who have given unstintingly of their time, often in adverse weather conditions, to make the annual campaign a success. Nor can we forget the Weekly Newspaper Editor who not only found space for the campaign but also, throughout the year, printed the notices for Blood Donor Clinics and Water Safety Courses. Without such tremendous support, voluntarily given, the bright red of the Red Cross would pale into insignificance. THANK YOU.

We Can Not Stop The Observance of Christmas

It has been said in the last few years, that we should quit keeping the Celebration of Christmas, because, as one well known figure said "Christmas is out of step, with this modern age."

We have to keep up with the times, you know, space programs, astronauts and such like.

One thing that some people seem to forget is, that it is easier to forget space probes, moon shots, TV, etc., at this time of year, than any other part of the year, these are things, that seem to go into obscurity at Christmas.

It would be awful, if we the modern were to admit, that these modern things, could possibly be obscured by such a thing as THE BIRTH OF JESUS. Then too, there are those who say, that Christmas should be cancelled because it is too commercialized. Well to some degree it is, but this is not the reason, why we continue to celebrate this anniversary.

It couldn't be the sweet stories of the Angels singing, or the Gulding Star, or the shepherds or even the Humble Birth of Jesus that has managed to keep this event going for nearly 2,000 years. If an affluent society, as smart and sophisticated like ours will go along with something like this, there must be a reason.

Is this the only real time we feel as if we are close to our fellow men? Is it those Carols, the laughter of children, that gives us some pleasure, or is it that we feel all year as if we have lost our identity in the world, this vast and changing world, and although we couldn't admit it, we really enjoy the PERSONALITY OF GOD AS SHOWN IN HIS SON JESUS CHRIST? "FOR UNTO US A CHILD IS BORN, UNTO US A CHILD IS GIVEN." Isa: 9:6.

There is a sense of Peace and Joy at this time of year, but is this enough to carry over for the following 12 months? Is it enough for Peace on Earth, No, there can be no continuing peace, for individual or world until we are willing to admit that we need the Peace of God within our hearts as individuals.

If I was asked, what verse of Scripture I would take with me if I was forced to go into seclusion somewhere. I would take John 3:16. "FOR GOD SO LOVED THE WORLD, THAT HE GAVE HIS ONLY BEGOTTEN SON, THAT WHOSOEVER BELIEVETH IN HIM SHOULD NOT PERISH, BUT HAVE EVERLASTING LIFE." No, it's not the Angels, the singing of carols, the happiness of our children, that makes us continue to keep Christmas, these are facts sure. BUT IT IS THE FACT, THAT JESUS CHRIST CAME INTO THIS WORLD TO SAVE ALL SINNERS AND SO THIS CHRISTMAS ANNIVERSARY BECOMES A PERSONAL THING TO EVERYONE.

Let us have the giving of presents, the trees, the lights and the thought of goodwill towards men, let us keep CHRIST in CHRISTMAS, but let us also remember THAT WITHOUT CHRIST IN THE HEART OF EACH INDIVIDUAL, THERE CAN BE NO REAL PEACE FOR INDIVIDUAL OR THE WORLD.

Jesus said later in His life, "COME UNTO ME, ALL YE THAT LABOUR AND ARE HEAVY LADEN AND I WILL GIVE YOU REST." Math: 11:28.

MOSSLEIGH

Mr. and Mrs. Bob Tharle and Mr. and Mrs. Murray Leslie returned home after spending a two-week vacation at Las Vegas. They also drove to Hoover Dam in Nevada.

Mrs. Zanin of Lethbridge spent four days at the Koole residence last week. Mrs. Zanin is Mrs. Koole's mother and at the present time is visiting in Long Beach, California for the next two months.

The annual family night church service was held at Mossleigh Church the evening of Dec. 18. A good crowd enjoyed the special music and carol singing. Mr. McIntyre gave a very interesting service on the meaning of Christmas.

There will be no mail service Dec. 25 and 26 or Jan. 1 and 2.

Marie Jolly and Mrs. Frank Wuychuk have returned home from the hospital.

People in this community wish Jack Thurber a successful recovery from his illness.

U.C.W.

Christmas meeting was held in the church. A short business meeting was held. It was decided to contact the Home Economist to arrange for a sewing clinic for one week. It was planned to have a variety night sometime in the future.

Upon closing the meeting, gifts were distributed from the Christmas pie. Hostesses were Mrs. Rusnak and Mrs. Harry Washburn.

The annual meeting will be held at Mrs. H. Leslie's Jan. 5. Christmas service will be at 9:30 Christmas morning. Sunday School will be resumed Jan. 8.

Shirley Houlton Heads Nurses

The final meeting of the year for the Vulcan Chapter of the A.A.R.N. was held on Dec. 7 with 18 members present

It was decided to again donate to the Christmas Aid Fund.

The annual party which is usually held in February will be held in June 1967.

1967 officers are: President, Mrs. S. Houlton (2nd year); Sec.-Treas., Mrs. A. Mitchell.

WELCOME WINTER. Last summer, two-year old Jesse Hartung was cavorting in the local swimming pool with his mother, Mrs. Ted Hartung in the mom's and tots' swim sessions. The season has changed and so has Jesse's outfit. A couple of weeks ago he was caught by the camera during a shopping trip downtown with his father and he looks ready for anything winter can toss his way in a parka outfit complete with Ookpiks on his snow boots.

REMEMBER? By this time the youngsters above will have all but forgotten the night of the big hand-out, Hallowe'en, and have now got their hopes set on what is going to happen this weekend. However, back at the end of October, Christmas was far away and every door in town was open to them if they could set a sufficiently rapid pace.

Be Careful What You Mix

Don't make the mistake of thinking that two household cleansers are better than one.

According to the National Safety Council, two housewives did just this, and the results were disastrous. One died and the other spent months in hospipal.

In both cases the women were not satisfied with the way their toilet bowl cleanser was working and added some household bleach to improve the process. Then they stirred the mixture.

What happened was this. When the household chlorine bleach combined with the acid-producing substance of the toilet bowl cleanser, there was a sudden release of poisonous chlorine gas which was inhaled by the women.

So remember, never mix chlorine bleach scouring powders with toilet bowl cleansers, ammonia, lye, rust remover, vinegar, or oven cleaner.

THE HOMEMAKER

MISS FRANCES ANN CULLEN
District Home Economist
Box 480, Vulcan — Phone 485-2117

Dear Homemakers,

Christmas is but a few days away, and as the big day arrives the last preparations are made for Christmas entertaining. Your guests will enjoy an inviting array of bite-size nibbles with punch and conversation—before dinner or as an afternoon snack.

Creamed fish—shrimp, lobster, crabmeat, in small size cream puffs "bouches" are a delicious appetizer. Other tasty treats are Ham Ball, Cheese Pinwheels, Stuffed Dill Pickles, etc. Recipes for holiday appetizers can be obtained by calling the office (485-2117). Also available from the office are booklets on Holiday Candle Making.

Just a Word About Thawing Turkeys:

Conventional methods of thawing frozen turkeys have been compared in studies at the CDA Food Research Institute here and—with Christmas just around the corner—the results have provided some timely guidance for housewives.

The studies were aimed at determining which one of the three commonly used methods—thawing in a refrigerator, at room temperature or in cold water—was the most satisfactory for large turkeys of 16 pounds or more, says A. C. Nunes of the Institute. Room, refrigerator and water temperatures in the tests were 70, 38, and 56 degees F. respectively.

The plastic bags containing the turkeys were left intact and the birds were considered ready for stuffing when the temperatures of the carcass cavity reached 30 degrees F.

Thawing in a refrigerator is the best method because the temperature of the surface tissue of the carcass does not surpass the freezing point for an extended period, the researcher reports. It is not the most convenient method, however, because of the refrigerator space and extra time needed for this method. Thawing in a refrigerator takes 2.5 to 3 hours per pound, compared with one hour per pound for the other methods.

If lack of refrigerator space and preparation time are important considerations, a turkey may be thawed in cold water or at room temperature. But with these methods, care should be taken that the turkey does not remain unrefrigerated for longer than necessary. Surface tissue of a turkey thawed in water reaches and remains above 32 degrees for a longer period than with the other methods. While its surface temperature will exceed 32 degrees for a more moderate period, a turkey thawed at room temperature is subject to skin discoloration and off-odors and, if the plastic bag is broken, to drying.

For turkeys of 24 pounds or more, Mr. Nunes recommends thawing at room temperature for the first 12 hours, followed by immersion in cold water for the balance of the process.

Christmas Stockings

Christmas Eve is nearly here and "The Stockings will be hung by the Chimney with Care", by all bright eyed children. To make some colorful stockings for your mantel or fireplace cut two stocking shapes from burlap and two from a patterned calico fabric with matching colors. Sew sides together on the wrong sides of both the sock and the lining. To the top part of the calico, attach ball fring (pomposms) repeating a color in the material. Remove every other pompom and attach a gold or silver bell, for an added decoration. Next pull the wrong sides of the burlap sock and calico sock together and hand-stitch the seams. Add a yarn loop for hanging.

Christmas is a time for family and friends to re-unite—a time for good food and gift giving, but most of all it is the Birthday of the Christ Child who came to unite us all. This, I believe is a message that we who stand on the threshold of our Country's Centennial, should take to heart.

I wish you all the Blessings of Christmas and look forward to working with you in '67.

To everyone, everywhere our sincere Best Wishes . . . and may I express my appreciation of your patronage.

HOUSE of Lethbridge

'The two best beers in the house!'

Lethbridge Pilsner

Several "best brews" blended by an age-old Bavarian process into one great beer! Its distinctive taste is brewed-in with premium barley, rice and hops. Lively and relaxing *Pilsner* beer, from the House of Lethbridge!

Lethbridge lager

The bright and bracing lager beer in the best House of Lethbridge tradition. A pure, exclusive yeast culture helps make it an unusually *smooth* brew. And the mellow taste of the finest malt gives *'bridge* its unique character!

Two great brews from

4-H Club Notes

Mossleigh 4-H Clothing Club—

The first work meeting of the Mossleigh Clothing Club was held Nov. 28 in the community hall. The meeting was well attended with both morning and afternoon being occupied with sewing.

The business part of the meeting was held at noon hour when lunch was served by Wendy Weber. The next meeting is Jan 3.

On Dec. 13, the club held its annual turkey banquet and party. The event was well attended by the club members and their guests.

After the Christmas tree was trimmed and the banquet was over, the girls participated in games and dancing. Due to unsuitable weather, tobogganing had to be omitted from party activities. Christmas presents were exchanged to conclude a very successful party.

Berrywater 4-H Beef Club—

The second meeting of the Berrywater 4-H Beef Club was held Dec. 17, 1966. It opened with the pledge led by Wayne Love and roll call was answered with the starting weight of your calf.

It was decided to close the meetings of the Centennial year with a song of Canada. Jim Oldfield gave an interesting talk on his trip to Olds. The club made about $100 by catering for the Lions Club at Milo.

After the close of the meeting the Christmas Party was held. There was a game for the little children and then a kangaroo court. This was very entertaining. Presents were exchanged. A delightful lunch and dance were enjoyed.

Six members: Kay Giles, Jim Oldfield, Wayne Love, June Sinclair, Leighton Rushfeldt and Maureen Sinclair attended a Junior Leadership Workshop at Fort Macleod. They were accompanied by assistant leader Victor Rushfeldt. There were many interesting talks, demonstrations and discussions.

HIGHLIGHTS OF YEAR 1966

MEMORIAL PARK— The wet spring contributed to exceptional growth of trees, lawns and flowers and the quiet beauty of Vulcan's Memorial Park is caught in this photo of two youngsters wandering hand in hand up one of the park paths.

SWATH FIRES were fairly frequent during the past harvest season and Fire Chief Bob Johnston is shown wielding a fog nozzle on a swath fire at the Haga Bros. farm west of town last September. Some farmers suffered serious losses when the heavy stubble caught fire from truck exhausts or other causes.

NEW POSITION— Appointed in January as general manager and vice-chairman of the Alberta Hail Insurance Board, J. M. (Mickey) McKay, farmer of the Brant district and chairman of the County of Vulcan School Committee since the county was formed in 1951, resigned his position as county councillor to take up his new duties in Calgary. He served for several years as president of the Alberta Association of Municipal District and continues as a member of several provincial government advisory committees.

LION PRESIDENT— Evan Williams was elected president of the Vulcan Lions Club in June, succeeding Arthur Jones as head of the 70-member Vulcan service club.

EDWIN PRATER of Brant was elected as county councillor for Division 9 to fill the unexpired term of J. M. McKay, who resigned to take a new post in Calgary.

HOME ECONOMIST— Effective June 27, Miss Frances Ann Cullen was named District Home Economist for the County of Vulcan and Strathmore district. From Prince Edward Island, Miss Cullen is a graduate of St. Francis Xavier University in Nova Scotia. Her office is in the County building, Vulcan.

LOMOND Mayor Pete Stokes was chairman of that village's 50th anniversary committee and village secretary Helen Chapman also served as committee secretary. They put in a busy time preparing for Lomond's 50th anniversary, which was celebrated July 8-9-10.

NURSING HOME— Officially opened April 2, Blunt's Nursing Home, Vulcan, has accommodation for 35 patients. It is very comfortably appointed and offers a full range of nursing care for both bed and ambulatory patients.

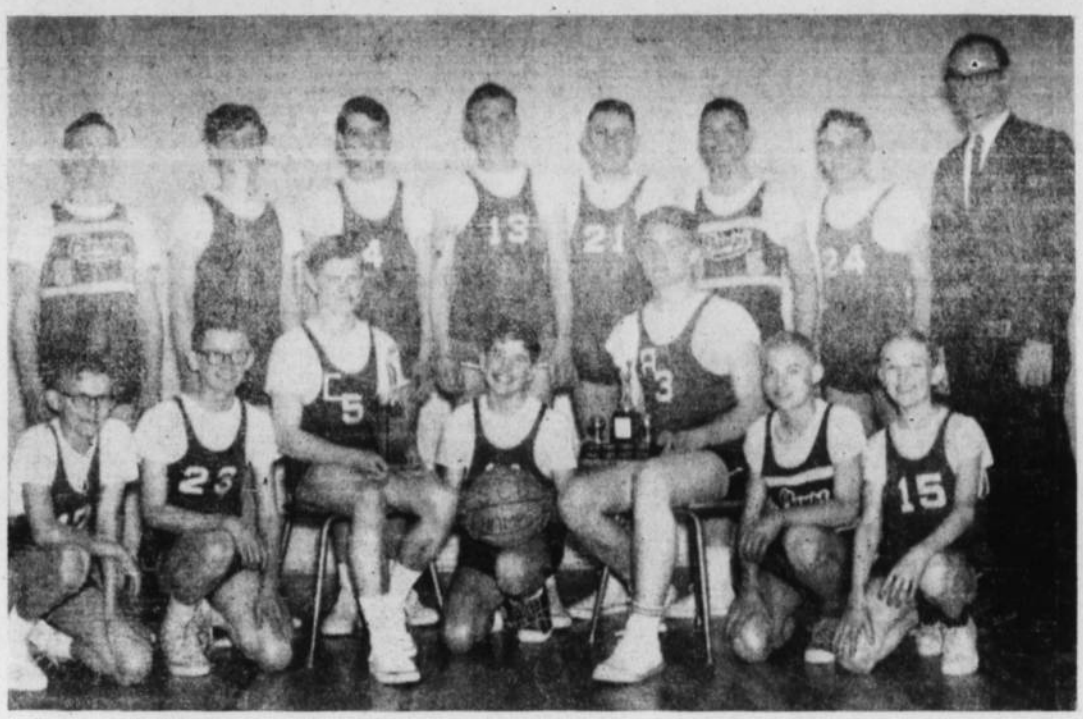

IT WAS A WET YEAR right up until harvest time, as illustrated by this picture of Ronnie Dunham's tractor standing in what had been a dry field before a two-day soaker turned it into a slough.

IN VULCAN AND DISTRICT

FLYING FARMER AWARD— Top award at the International Flying Farmers convention at Louisville, Kentucky, went to Varno C. Westersund of Blackie when he was named "Flying Farmer of the Year." The award was in recognition of Mr. Westersund's work with the 9,000-member International Flying Farmers and with the Alberta Flying Farmers. He is shown above with his wife and two daughters.

BASKETBALL CHAMPS— The junior high school boys basketball team of Champion won both the County championship and the South Central Alberta district championship last spring.

APPRECIATION— Lions Club president Arthur Jones presents a plaque to Mr. and Mrs. Edwin R. Finckh in appreciation of the gift of $5,000 made by the Finckhs to the Lions Club as part of their $45,000 gift program this past spring. Mr. Finckh, now 89 years of age, is shown accepting the plaque.

DEL OLSEN is serving as principal of Hazel Cameron Elementary School at Vulcan this year. He served five years as vice-principal at Milo and two years in the same capacity at Vulcan.

C.C.H.S. PRINCIPAL— A. L. Husby, B.A., B.Ed., formerly high school principal at Vermilion, took over as principal of the big academic-vocational County Central High School at Vulcan in September.

SUPERINTENDENT— Edison F. Bardock, B.Ed., M.Ed., was appointed as Superintendent of the County of Vulcan Schools last fall. He is a native Albertan and was active in the affairs of the Alberta Teachers Association before his appointment by the Department of Education.

TOWN FATHERS— Following the October elections, Vulcan's town council is shown in this picture. Seated are Mayor C. G. Ness and town secretary M. K. Sinclair and standing, from left to rgiht are councillors C. E. Fulton, Buford Walker, Dave Schierman, John Wolfe, David Mitchell and George Richardson.

Here Since 1928, John H. Deans Passes At Age 76

John Henry Deans, a resident of the Vulcan District for 45 years passed away early Saturday, Dec. 17, 1966, in Colonel Belcher Hospital at the age of 76 years. He was a native son of Calgary, having been born there on September 29th, 1890. In 1892, his parents moved to Olds and homesteaded.

Late in 1915 Mr. Deans joined the 137th Calgary Battalion and served overseas in England. Ill health forced his return—as a stretcher case—in 1916.

Mr. Deans was amongst the first class of students at the Technical Institute in Calgary. After graduation, he was employed as a draftsman for the C.P.R. at Ogden Shops.

He took up farming in the Vulcan district in 1921. In 1923 he married Mrs. Ruth Alice Koeller.

Mr. Deans and his wife were charter members of the Vulcan Church of Christ. Mr. Deans not only served this church as minister, but also held evangelistic meetings in several towns in the central part of the province. He spent one year preparing himself for the ministry at Eugene Bible College. For 10 years he was a trustee of Alberta Bible College, and at one time was Chairman of the Board.

From his youth, Mr. Deans had a great love of horses which became a hobby he actively pursued in his later years. Much of his knowledge of horses and the art of braiding were passed on to the youth in this community.

Predeceased by his wife, he is survived by one daughter, Miss Ruth Deans, Calgary; four sons, John, Vulcan; Robert, Cite Laval, Quebec; James Koeller, Brookings, Ore., and William Koeller, Alhambra, Calif.; 13 grandchildren and two sisters, Mrs. Victoria Edwards of White Rock, B.C. and Mrs. Effie Kearney of Olds.

Services were conducted by the Rev. R. J. Pelham and the Rev. E. P. Benoit on Tuesday, Dec. 20, at the Vulcan Church of Christ and interment followed at Mountain View Memorial Gardens, Calgary.

NO ADVOCATE NEXT WEEK

This issue of The Advocate, dated Dec. 21, and combining the issues of Dec. 21 and Dec. 28, contains the traditional season's greetings from businessmen and organizations throughout the County to their friends and customers.

Following our usual custom The Advocate will not be published next week — the week between Christmas and New Year's. The office will be open as usual during regular business hours for commercial printing, office supplies and general business.

The next edition of The Advocate will be published Wednesday, Jan. 4, 1967. District news reporters are reminded to send in as much of their news as early as possible to avoid an overload of typesetting.

Street Surfacing

It is unfortunate that the early onslaught of cold weather in November prevented any work being done on the four-block hard-surfacing project planned by the town.

After the beautiful fall weather this year it seemed reasonable to expect another two or three weeks at least of good weather and this would have been sufficient to complete the job. However, it was not to be.

It is expected now that the hard-topping of the four blocks from 2nd Avenue (the hospital road) up past the central high school will be done early next spring. We think it not unreasonable to expect that this will be only the start of a program that will eventually see most of the residential streets in Vulcan hard-surfaced.

The town's present lack of borrowing power makes it necessary that this type of work be done on a frontage tax basis, but the response of house-owners to the initial project was good. Hard-surfacing of the portions of streets that front parks or other non-taxpaying properties must, of course, be paid for out of the town's general revenues and on some streets this could be quite an expense to the town. But ways and means can and must be found to continue the hard-surfacing program, for clean, surfaced streets will add immeasurably to Vulcan's attractiveness as a town.

BRIEF ITEMS OF LOCAL INTEREST

Mr. and Mrs. C. M. Allen, Hazel and Sylvia will be Christmas guests at the Milo home of Mr. and Mrs. Bob Allen.

Mr. and Mrs. J. L. Findlay and family plan on motoring to Salt Lake City, Utah and to California over the holidays. While in the southern city a place of interest they intend visiting will be Disneyland.

Nurses and former staff members of the Vulcan Municipal Hospital were guests Saturday evening at the home of Mrs. Lloyd Graham when she and Mrs. Ruby Jamison entertained at a farewell get-together honoring Miss Marion Sissons. A most enjoyable social evening with a number of nurses and other personnel who had worked under the supervision of Miss Sissons in her 22 years as matron of this hospital were present. A presentation was made to the guest of honor and also an AARN local chapter spoon was given her. Miss Sissons plans on retiring shortly. Another interest in addition to her nurse's vocation has been with the Eastern Star, and on Sat. Dec. 10 she attended the 50th anniversary celebration of the St. Hilda chapter at Didsbury.

Mr. and Mrs. Don Buehler will spend Christmas at the Calgary home of their son-in-law and daughter, Mr. and Mrs. Elwood Mensinger.

Congratulations are being received by Mr. and Mrs. Roy Lerohl of Calgary on the birth of a daughter on Friday, Dec. 16. Mr. and Mrs. O. Lerohl of Vulcan are the proud grandparents.

Congratulations are extended to E. R. Finckh, who marked his 89th birthday on Dec. 13.

A picture of five combines being operated by five Haga brothers in a field at the Bob Haga farm last fall has been reproduced in the annual financial report of the Alberta Wheat Pool.

Cpl. and Mrs. G. E. Kennedy and family from Montreal are visiting until after New Year's with the former's parents, Mr. and Mrs. E. Kennedy, on their way to Comox, B.C., to where Gordon has been transferred from St. Hubert's, Quebec.

for any emergency and to be in attendance at all public functions where First Aid might be required. All personnel must be competent in both First Aid and Nursing. It is hoped to have members in all parts of the County by the end of the first year. First Aid classes have been staged for a number of years at Carmangay, Champion, Lomond, Milo, Arrowwood, Brant and Vulcan, and this will be the first time that an effort is being made to co-ordinate all activities in the County of Vulcan.

Individual First Aiders from Vulcan have been quite prominent in First Aid work for many years, being in attendance at various activities in Vulcan, at the annual two-day Lake MacGregor Race Meet, at Lomond's fiftieth anniversary and usually 12 or 14 are in attendance at the Calgary Stampede parade. Last year Vulcan First Aiders competed in both the Men's and Ladies' Provincial First Aid competitions and for 1967 have been asked to help at the grounds during the nine-day Calgary Exhibition and Stampede.

Church Of Christ Young People Hold Banquet

Friday, December 16 the Vulcan Church of Christ Young People held a Christmas banquet. Twenty-four young people enjoyed a turkey dinner served by Muriel Smith, Margaret Markert, and Betty Wickstrom. The evening was climaxed with games.

Early this fall some 28 Y.P. journeyed down to Havre, Montana to take part in the Prairie International Young Peoples Conference.

A recently appointed executive consists of: Jerry Lynn Deans, Pres.; Cheryl Wickstrom, Vice-Pres.; and Dayleen Murray, Sec.-Treas. Jack and Eileen Nelson are the Y.P. sponsors.

CARDS OF THANKS

I wish to thank Dr. Schneider, Dr. Tompkins, the nurses and the hospital staff for the good care given me while I was a patient there.
—Dale Tomporowski. 21-1p

Our sincere thanks to Dr. Koziol, Dr. Lakins, Miss Sissons and the hospital staff for their patience, care and kindness, and to friends for cards and visits while hospitalized.
—Mrs. P. Patterson,
—Mrs. Margaret Rhodes. 1-p

I would like to take this opportunity to thank Dr. Koziol and the nursing staff of the Vulcan Hospital for the wonderful care I received while a patient there. Also to all my many friends that visited me, and thank you for the many cards and letters I received. Thanks, too, for the beautiful flowers I received while in the Calgary and Vulcan hospitals. They were all greatly appreciated.
—Blanche Williams. 21-1p

My sincere thanks to all my friends in Lomond for the lovely cards, flowers and visits. They were much appreciated while I was in the St. Michael's Hospital.
—Marie Zambaldi. 21-1p

I would like to thank the Doctors and the nursing staffs of the Vulcan and Lethbridge Auxiliary Hospitals for their kindness to me. A special thanks to the Vulcan Hospital for the use of their wheel chair and crutches. To the many friends who visited me and sent flowers, plants, gifts, cards, etc., during my six weeks in the Vulcan and Lethbridge hospitals, a sincere "thank you."
—Mrs. Hazel Cowgill. 21-1p

—Nan Degenstein. 21-1x

IN MEMORIAM

HOWERTON— In loving memory of our wife, mother and grannie who passed away Dec. 22, 1965.
We do not need a special day
To bring you to our mind.
The day we do not think of you
Is very hard to find.
They say time heals all sorrow
And helps us to forget,
But time so far has only shown
How much we miss you yet.
God gave us strength to take it,
And courage to bear the blow,
But what it meant to lose you,
No one will ever know.
It was God's will to take you,
He knew you needed rest.
His garden must be wonderful,
He always takes the best.
—Lovingly remembered by Allie, Jack and Lee Marie, Don and family. 21-1x

COCKWILL— In loving memory of our brother, Buck Sydney J., who passed away a year ago on Dec. 22nd, 1965.
Somewhere beyond the sunset,
Where happiness never dies,
Buck dwells in God's beautiful garden
Midst the blue and gold of the skies.
And to us who will always love him,
And whose parting brought great pain,
We will treasure his memory forever
Until we meet him again.
—Ever loved and remembered by his brother Bill and sisters Lillian, Alberta and Grace and their families. 21-1p

NELSON— In loving memory of Clarence Nelson who passed away Dec. 25, 1964.
The rolling stream of life rolls on,
But still the vacant chair
Recalls the love, the voice, the smile
Of the one who once sat there.
—Sadly missed by his loving wife Dorothy, Chester and family, and Pat and family. 21-1x

COCKWILL— In loving memory of a dear husband and father Sydney (Buck), who passed away Dec. 22, 1965.
Remembrance is a golden chain,
Death tries to break but all in vain,
To have, to love, and then to part
Is the greatest sorrow of one's heart.
The years may wipe out many things
But this they wipe out never—
The memories of those happy days
When we were all together.
—Lovingly remembered and sadly missed by his wife, Helen and sons Bob and Bud. 21-1p

GOLDTHORPE— In memory of our mother, Mrs. J. R. Goldthorpe, who passed away Dec. 19, 1962.
Your presence is ever near us,
Your love remains with us yet.
You were the kind of a mother
Your family will never forget.
—Ever remembered and sadly missed by her daughter Mary and family. 21-1p

CAMPBELL— In loving memory of Agnes, who passed away Dec. 27th, 1965.
You suffered with courage,
We knew not your pain,
You fought to get better,
But all was in vain.
—Always remembered by your husband Dale. 21-1x

Up in Boston, towards the end of the opera, Satan was thrusting Faust through a trapdoor which represented the gates of Hades. His majesty got through all right, he was used to going below, but Faust, who was quite stout, got only half way in, and no squeezing would get him any further. Suddenly a bean-town wit in the gallery exclaimed devoutly, "Thank God! Hell is full!"

CLERICS' CORNER

This week's contributor: Rev. Jess F. Lynn
Pentecostal Tabernacle

Christmas is big business. Money will be lavished on gifts, food, drink, greeting cards and other luxuries.

The average family will spend about $147 on gifts. And gift wrapping alone will cost the same family $3.17. Each person on an average will receive seven presents at an approximate cost of $4.90. These are figures supported by statistics.

While the carols are heard, the cash register rings more loudly than at any other time of the year.

The truth of Christmas is that, in Jesus, God has come to us. And because of His coming, a new kind of life is possible for all of us.

When He came, hope came, peace came, cleansing came, joy came. All of God's best gifts are wrapped in one person—His Son, the Savior of the world.

This is the tiding of great joy. Nothing else like it ever happened. The birth of Christ was unique in history. This is the glorious, phenomenal fact behind the Christmas event. Christ Jesus came into the world to save sinners. And He really does!

Our average gift may cost $4.90, but think of what God's gift cost. He gave His only Son. "He spared not His own Son, but delivered Him up for us all." Think of what Christ sacrificed. Think of what He suffered. Thing of what He achieved. The cradle and the cross are parts of the same story of saving love. He was made flesh so that He might be made sin for us.

His coming has brought pardon for penitent sinners, peace for troubled hearts, bright hope for tomorrow, divine companionship for the journey of life. All these and many more are the blessings given to us in Jesus. This is the real point of Christmas. Don't miss it. Don't overlook God's Gift to you.

Our gifts are worth an average of $4.90. But what is eternal life worth? What is forgiveness of sins worth? What is peace worth? And how about the home in heaven?

No wonder the Apostle Paul said, "Thanks be unto God for His unspeakable gift."

Every woman has a mental picture of the man she wants to marry, and if she doesn't get the one she wants, Heaven help the one she gets!

A major step in the re-building plans of the Alberta Agricultural and Vocational College at Olds took place on Friday, Nov. 25, with the turning of the first sod for the new student resident complex, a $2.7 million project which will accommodate 500 students. In addition to living quarters, the new complex will provide hobby rooms, laundry rooms, sitting and music rooms, a gymnasium and a chapel, as well as a completely modern food services area. A portion of the lower floor will be occupied by the Emergency Measures Organization. It is expected that the building will be ready for occupancy around the beginning of 1968.

Christmas Trees Big Business

It may seem strange to some to talk of a Christmas tree as a commodity, instead of as a piece of sparkling magic that brings children their greatest yearly thrill, but the plain fact is that the Christmas tree business is big business. and a factor in Canada's foreign trade balance. The export business runs to about 7½ million trees a season, valued at upwards of $2½ million.

Forest conservation people are not worried about the depletion of Canada's forest wealth through legitimate cutting of Christmas trees. What does disturb those who are interested in trees is the irresponsible practice of men who will cut down a tree twenty feet tall to lop off a ten-foot Christmas tree, and leave the main trunk to rot. These trees are 25 to 50 years old, and their value is much greater than the fifty cents or a dollar pocketed by the cutter.

Joy to the World

At this traditional season of the year we are glad of the opportunity to thank all our friends and customers for their patronage.

THE CANADIAN SAVE THE CHILDREN FUND

Alberta Division
2316 Sunset Avenue S.W.
Calgary, Alberta

THE HON. GRANT MACEWAN, LIEUTENANT-GOVERNOR OF ALBERTA, SAYS—

"I count it a privilege to express my feeling of interest and enthusiasm for the Canadian Save the Children Fund. With this goes my admiration for those who have been responsible for the promotional work in this prosperous land.

The campaign needs support from everybody in Alberta and in Canada, and if everybody responded —even modestly—the result would be huge in relieving hunger and hardship.

The eyes of the world are on Canada and its well-fed people and it is hoped that they will rise to this challenge with sympathy and generosity."

Donations may be sent to the Alberta Division at the above address. All donations are deductible for income tax purposes.

The Save the Children Fund has become known as "the voluntary voice of compassion of ordinary people" and because most of its work is done by volunteers its administration costs are among the lowest, if not the lowest, of any similar organization. The Fund is all Canadian. The monies obtained through the various volunteer projects are administered from Canada in such far-flung depressed areas as India, South Korea, the Middle East and our own Canadian North to name but a few. The Fund provides layettes for the Eskimo babies which has greatly reduced the mortality rate; food, shelter, drugs and medical treatment for destitute families around the world regardless of race, creed or color. The only criterion is need.

The Fund not only brings these benefits but also teaches people to help themselves, thereby preserving a measure of self-respect and fostering self-reliance. When one considers that children die of hunger at the rate of 10,000 a day one can easily see his responsibility. A little goes a long way — one cent will buy five glasses of milk and 16 cents a day will save a child's life. Any help that you can give would be warmly and gratefully appreciated. If all of us can take this great cause to heart it will mean that we have made an investment in today's generation and future generations.

SILENT NIGHT. One of the choirs which contributed to the success of the Carol Festival held Dec. 14 was Vulcan United Church Senior Choir seen above as they offered their two selections, The Magi and The Holy Night. This 18 member group was directed by Mrs. W. Dormer and accompanist was Mrs. Jean Ann Hartung.

E.U.B. CHOIR. Nineteen voices under the direction of M. R. Heebner made up another much enjoyed number on the Carol Festival program. Selections were On The Night When Jesus Came and Coming Again. Almost a casualty on the program, Rev. Heebner was running a high temperature from the flu but he lasted the evening, helped with his church's part of the program and led the carol singing.

Carol Festival A Family Affair . . . Voices Fill The Air

The sounds of Christmas ushered in the season to well over 400 parents and children of the town and district Wednesday, Dec. 14 when the annual Carol Festival was held at C.C.H.S. Auditorium.

In absence of the high school Glee Club who have organized the event in past years the Vulcan County Band, with the help of church groups and individuals, arranged the program. Originally it was feared a shortage of numbers might restrict the entries but as the deadline neared, more and more singers, particularly featuring smaller groups, came forward and that night, when 19 groups and soloists had been on stage, two hours and twenty minutes had gone by.

The evening had many precious moments. The pleasure of seeing a determined but apprehensive four-year-old, Wendy Hartung and her sisters Bonnie, Bernice and Yvonne sing Away In The Manger, was shared by all as was the enjoyment of the approximately 100 voice choir from grades 4, 5 and 6 of Hazel Cameron Elementary School under direction of teacher Pat McGaffin.

Among the deeper, more complete works were numbers by senior choirs of the Vulcan United and Evangelical United Brethren Churches and variety was provided by several instrumental soloists and duets.

If the County Band again sponsors this event next year it is their hope to begin preparations earlier and assemble a massed adult choir to take part in the evening.

On the program were: United Church Junior Choir, director, Arthur Jones, accompanist, Mrs. W. Dormer; Vocal Quartet, Brenda Haga, Sharon Munro, Marjorie and Lorna Jones; Clarinet Duet, Judy Haga, Mrs. D. Schierman; Vocal Quartette, Bonnie, Bernice, Yvonne and Wendy Hartung, accompanist, Mrs. C. Priebe; E.U.B. Church Junior Choir, director, Mrs. Ruby Schierman; Hazel Cameron Elementary School Choir, director, Mrs. Ruby Schierman; Hazel Cameron Elementary School Choir, director Pat McGaffin; Pentecostal Tabernacle Missionettes, accompanist, Mrs. J. Lynn; Vocal Duet, Lynn Andrews, Brenda Haga, accompanist, Mrs. Eileen Haga; Vocal Trio, Howard, David and Eric Meadows, accompanist, Earl Meadows; Vocal Quartet, Penny, Betty, Peggy Hilz and Judy Steiner, accompanist, Mrs. B. Hilz; E.U.B. Church Senior Choir, director, M. E. Heebner, accompanist, Mrs. C. Priebe; Vocal Solo, Lynda Voisey, accompanist, Mrs. W. Dormer; United Church Senior Choir, director, Mrs. W. Dormer, accompanist, Mrs. Jean Ann Hartung; Vocal Solo, Donald Hansen, accompanist, Mrs. W. Dormer; Vocal Solo, Betty Dakin, accompanist, Mrs. W. Dormer; Piano Accordian Solo, Emmanuel Mella; Vocal Solo, Beverly Budd, accompanist, Mrs. N. K. Budd.

During the evening the County Band played selections and a community carol sing-song was held.

The Years

(Continued From Front Page)

married. Most land there was by government decree, still in the hands of the Indians and Mr. Galloway missed out on one strip that came up for sale, so moved on to Idaho.

Later he settled in Idaho and in 1905 came the move to Canada. His family came first and he trailed horses much of the way through mountain passes and eventually homesteading began on what grew into three-quarters of land east of Kirkcaldy.

Until about 24 years ago Mr. Galloway farmed the land and raised 13 children who grew up with as many as 50 head of horses at a time. "I was horse crazy and everybody rode, . . . it's a wonder, but none of them ever got hurt". His son Earl, now does the farming.

Since the death of his wife, and with offspring everywhere he has done lots of "Tramping around", down to Portland, Los Angeles and most of Alberta.

Although using a cane and staying close to home during the cold weather Mr. Galloway is in extremely good health, doesn't read or watch TV much because of indifferent eyesight, but has a lively sense of humour and a sharp mind still able to reel off dates and places over his many years.

In the days when guns were worn for more than show Mr. Galloway did know the Dalton brothers well and described them as "Nice boys who got into this bank robbing business and couldn't get out no matter how they tried."

Mr. Galloway eats heartily, gets nine hours sleep a night and will likely be waiting when next, his friend Santa, appears.

REPORT FROM

Parliament Hill

(By Lawrence E. Kindt, M.P.)

Federal Medicare Act

The medicare bill as passed by the House of Commons on Dec. 8, 1966, has now received Royal Assent and is now the law of the land, but will not be put into operation before July 1968. The principal provision of the Act is to pay half the cost of insurance plans set up by the provinces The province is responsible for health plans under the British North American Act. Before a provincial plan can qualify for the 50% federal assistance, the provincial law on medicare must satisfy the following criteria, as set forth in clause four, section one:

(a) "The plan is administered and operated on a non-profit basis by a public authority appointed or designated by the government of the province . . ."

(b) "The plan provides for and is administered and operated so as to provide for the furnishing of insured services upon uniform terms and conditions to all insurable residents of the province . . ."

(c) "The number of insurable residents of the province who are entitled under the plan to insured services is not less than 90% of the total number of insurable residents of the province — throughout the third and each subsequent year 95%."

(d) "The plan does not impose any minimum period of residence or any waiting period in excess of three months before persons who are or become residents of the province are eligible to insured services . . ."

When the medicare bill was first introduced to the House of Commons, certain weaknesses were apparent. The Opposition moved several amendments, but each was ruled out of order by the Speaker. These amendments were designed to have included in the insured services not only medical doctors, but also those of optometrists, pediatrists, chiropractors, dentists and others.

The debate continued for seven days and finally, on the seventh day, the message got through. The Minister announced he was prepared to amend the Medicare Bill. Under this amendment, the Federal Government is now prepared to pay its contribution for any medical or para-medical service authorized by a provincial government in a provincial medical insurance plan. This amendment has met with most of the Progressive Conservative criticisms, and has placed the responsibility for medical services right back where it belongs — under the British North American Act, with the governments of the provinces. The next step in bringing medical insurance to the people is up to the provinces to pass enabling legislation.

EXPANSION. A County of Vulcan project involving winter works and $249,000 is under way. An addition to the county office began Nov. 8 with Kenwood Engineering Construction Ltd. of Lethbridge as contractors and date of completion is set for March 31, 1967. A partial basement, completed main floor and partial second floor (55'x49') make up the new structure which will be 95'4"x55' in dimensions when complete. Minor renovations will take place in the present building which will be incorporated into the overall plan with the exterior altered to blend in with the finish of the new addition.

Hope For Prosperous 1967 Contained In Greeting

The festive season is with us once again and I sincerely welcome this opportunity to extend to each of you best wishes for a very Merry Christmas and good health, happiness and prosperity in the coming New Year. I hope this will be one of the best Christmases you have ever known.

As we enjoy Christmas Day with loved ones and friends, let us not forget those less fortunate than we for whom this day has brought no festivities and who face only bleak tomorrows amid the ravages of war, privation, oppression and the misery that follows in their train.

Let us also remember that this is the anniversary of the birth of the One who came into the world that men might have life and have it more abundantly. We cannot consistently honor Him and the purpose of His birth unless we are prepared to yield ourselves to Him as living instruments through which He can bring to pass peace on earth and good will towards men. To this end, let us resolve to work for a world of reason and understanding in which God's will for men may be done, not just among a favored few but among all mankind. Such a dedication of our lives will give a new depth of meaning to our commemoration of Christmas and ensure that its joys and its hopes will abide with us throughout the New Year.

To each of you, on behalf of all members of the Government of Alberta, I extend these best wishes for a joyous Christmas and a purposeful, rewarding New Year.

Ernest C. Manning,
Premier of Alberta.

Season's Greetings Come From Lieut.-Gov. MacEwan

From the office I have the honor to occupy, I extend the Season's richest greetings to all the people of Alberta and beyond, to the people who live in our villages, towns and cities, to those who make homes on farms and ranches, to those who live in our vast northland, to those who travel, to those who must work to maintain public services on the holidays and to those who may be confined to sick beds or who are restricted in any way.

It is a time when good will and good cheer should fill every heart. Families will be together as they should be, and it would be my hope that family gatherings will be happy ones with young ones having fun and young and old enjoying big appetites. May happiness prevail.

I would hope also that Canadians would not let the Christmas Season pass without pausing for moments of thanksgiving for all the great gifts of nature which we enjoy and which have contributed so greatly to our comfort and prosperity. These rich treasures have been entrusted to us, not to be exploited in the shortest possible time, but to be managed wisely to make them serve mankind as long as possible.

And along with all the people of Alberta, I would join in the hope that an ever growing measure of peace and goodwill may prevail throughout the world.

Grant MacEwan,
Lieut.-Gov. of Alberta.

The Canada-U.S. boundary 3,989 miles in length was mainly fixed from Alantic to the Lake of the Woods by the Treaty of Paris, 1783.

THE HOMEMAKER

MISS FRANCES ANN CULLEN
District Home Economist
Box 480, Vulcan — Phone 485-2117

Dear Homemakers:

I presume that this close to the Christmas season most of you busy homemakers are looking for new ideas on menu planning for the festive season. I am, therefore, giving a few different suggestions that may be of help to you.

How To Plan Menus:

The best menus are planned around single dishes that will provide focal points for the meals; all other dishes will either be subordinate to them or complement them. Usually, meals are planned around the main dish of the main course, whether it is roast, fowl, steak, hash, or stew. However, there is no reason why a meal cannot be planned around the dessert, salad, or any other dish. Dishes that are to accompany the main dish or focal point of the meal are carefully selected to enhance it; texture, taste, flavor and color relationships all being manipulated to give a satisfying dining experience.

Desserts should be selected in relation to the main course. When the latter is light, dessert may be sweet and filling; when the main course is rich and filling, dessert should be light and possibly tart. First courses should always be light, their purpose being to whet the appetite without dulling the senses that savor food.

The sequence of decisions about a menu should be something like this; first, decide what the main dish of the main course will be; next, select the dishes to accompany it; third, plan dessert, unless a first course is to be served. First courses and desserts should be planned simultaneously so that repetitions of foods, like cheese and fruit, can be avoided.

Here are a few special occasion menus already planned for you.

A CHRISTMAS EVE SING:

Everybody loves to sing the old carols at Christmas time. So why not invite some of your friends over on Christmas Eve for group singing? Start the festivities with a buffet supper.

Oyster Stew,
Crisp Crackers,
Celery, Pickles, Carrot Sticks,
Toasted Cheese Rounds,
Slices of Fruit Cake or
Christmas Tarts,
Coffee, Mixed Nuts.

Make the oyster stew from your favorite recipe. You can keep the relishes crisp and crunchy by serving them on a bowl of chipped ice. To make the cheese rounds, cut circles of bread with a biscuit cutter, toast on one side. Spread untoasted side with a mixture of 1 package of cream cheese, 1 egg yolk, a dash of sage and salt. Broil until puffy. When it's time for dessert, slice your fruitcake or serve holiday tarts, heated until they're just warm.

A CHRISTMAS AFTERNOON SNACK:

Though everyone's comfortably stuffed after the big feast of the year, you'll need some quick simple refreshments on hand for late afternoon callers. Here's a suggestion:

Fruit Punch,
Almond Crescents,
Tiny Sugared Doughnuts,
Salted Walnut Halves,
Kris Kringles.

To make the refreshing punch, blend orange and pineapple juice. Float a block of ice in the bowl, with a gay branch of holly aboard. Then slice in some orange—thin slices. The sugary doughnuts disappear in two bites and will be the conversation piece of the party. They're tiny, so cut them with a small biscuit cutter. Use a thimble to cut the holes. Use your own favorite recipe for the Christmas cookies, cut in the shapes you like and decorate with red cinnamon candies, candied cherries, nuts and colored sugar.

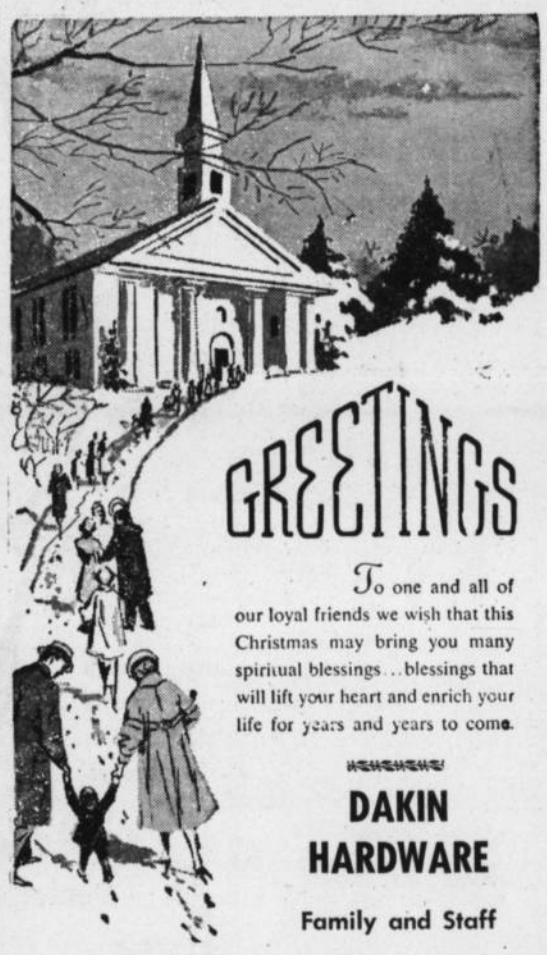

HAPPY HOLIDAY MENU PLANNING LADIES!

Christmas Tree History Traced

Some historians trace the lighted Christmas tree back to Germany in 1546, or before. However, the use of candles apparently did not at once become firmly established as a decoration because mention of the Christmas tree custom in Germany a century later does not refer to lights. From 1700 on, when lights were accepted as part of the decorations, the Christmas tree was well on its way to becoming a tradition in Europe. During the American Revolution the tradition of the Christmas tree crossed the Atlantic with the Hessian soldiers. However, the practice did not gain much headway on this side of the Atlantic until about the middle of the nineteenth century.

Accidents don't just happen, they are caused.

Arrowwood Bride Living At Calgary

Reverend T. Krause officiated at a lovely afternoon wedding on Sept. 10, 1966 at the Church of Brethren, Arrowwood, when Karen Sue Burriss, eldest daughter of Mr. and Mrs. E. E. Burriss of Arrowwood was united in marriage with John Buijs, only son of Mr. and Mrs. J. W. Buijs of Calgary.

Bouquets of gladiolas and carnations in shades of pink and white decorated the church altar. Given in marriage by her father, the bride wore a gown of white silk chiffon over satin. Her shoulder-length, bouffant veil was held in place by a cluster of white fabric roses. She carried a cascade of pink sweetheart roses centered with three white gardenias.

Miss Cheryl Burriss, sister of the bride, was her maid of honor while Miss Marilyn Burriss, also a sister acted as bridesmaid. The girls wore matching turquoise empire-waistline gowns of chiffon over satin, accented by a large satin bow and floating panel. Floral headpieces of matching satin and net, and white elbow-length gloves completed their ensemble. They carried bouquets of pink-tinged carnations.

The groom was attended at the altar by the brother of the bride, Denniss Burriss, as best man and by Bill Oakes, as groomsman. The guests were ushered to their places by Buford Culp, uncle of the bride, and Albert Pastoor, close friend of the groom.

BURRISS-BUIJS

Mrs. Burriss, mother of the bride, was attired in a blue crepe afternoon dress with matching accessories. Her corsage was of pink rose buds and white carnations.

Mrs. Buijs, mother of the groom, chose a pink crepe sheath with a lace bodice and matching accessories. Her corsage was of white rose buds and pink carnations.

Soloist for the occasion was Rose Hodges who sang "The Wedding Prayer" and "I'll Walk Beside You," accompanied at the piano by her husband, Brian Hodges.

The wedding reception was held in the Arrowwood community hall dining room which was beautifully decorated with pink and white streamers and bells. Mrs. Gale Oakes was in charge of the guest book. The head table was centered with the wedding cake, beautifully decorated by Mrs. Effie Norton. Verlyn Culp, master of ceremonies, presented a delightful program. Toast to the bride was proposed by Junior Culp and responded to by the groom.

Musical selections were rendered by Mr. and Mrs. Brian Hodges of Calgary. For going away the bride chose a navy blue crepe dress with raspberry red accessories and a corsage of white rose buds.

The couple spent their honeymoon touring Alberta and returned to reside in Calgary.

BERRYWATER

FWUA MEETING

The Berrywater FWUA held its Christmas meeting at the home of Mrs. Donald Smith in Vulcan.

Thirteen members and one visitor were in attendance and answered roll call with a favorite Christmas carol.

A letter from the Unitarian Service was read thanking members for a sum of money sent to pay for special English lessons for Donka. His monthly letter was also read.

Mr. and Mrs. Wm. Marshall are delegates for the FUA and FWUA at the annual convention in Edmonton. Members voted to make a centennial quilt for the Unitarian Service.

A discussion was made to use the [illegible] and suonoo qoqeu coffee maker.

December 20 was the date set for the annual Christmas party program.

Mrs. Wilson Oldfield was delegated to choose a book to place in the Vulcan library in honor of Mrs. Elizabeth Sinclair who was one of the original members of the Berrywater FWUA when it was formed in 1919.

A sum of money was voted to the Vulcan Christmas fund.

On reading a letter from the Cancer Society it was decided to have a special meeting in February with a speaker and film on cancer and to invite another group to join us for a social gathering.

Doris McLean with a December birthday dropped the number of pennies for her age in a piggy bank which will collect money for the Unitarian Service for the coming year. Then the group sang Happy Birthday to her.

After the meeting adjourned the Christmas gift draw and revealing of sunshine friends provided much enjoyment.

Muriel Smith, Gladys Rushfeldt and Lynn Sharp served a colorful lunch to fit the occasion.

I GOT RHYTHM. At eight years of age Brian Husby of the beginners' group of the Vulcan County Band Association, is the youngest member but he made his presence known at the concert held for parents, Wed., Dec. 7. He's also the counting-est as he called out to himself each beat of each selection and was the picture of serious concentration at all times. This young man also has piano experience and could be heading for a versatile career in music. Behind him is Patti Richardson who plays clarinet in the senior band and chums with Brian on the bass drum in the beginner's ensemble.

Trees Part Of Christmas Scene

The traditional use of evergreen trees during the Christmas season provides a time when all Canadians are brought into close contact with the fragrances and freshness of the forest. Christmas trees probably add more to make the period one of "peace on earth—good will toward men" than any other product of the soil. Indoors and outdoors, Christmas trees have become essential for decorative purposes in the homes, in parks and on streets, in churches and in business houses. Christmas would seem barren without them.

SANTA CLAUS SPECIAL. Seen as he wound his way downtown on Dec. 10 is jolly old St. Nicholas, aboard his sleigh and being pulled by Earl Galloway on his garden-sized tractor. This year the chinook which preceded Santa's visit by a few hours provided pleasant weather for his friends but under his long beard, flowing white hair and red outfit Santa must have wondered if spring had come early to this area.

And the season's greetings.

SOIL TEST RESULTS

Soil tests results are returning to local farmers every day. The lab is working at full capacity for its' soil testing equipment. Approximately 120 samples are tested every day or on the average of one every 4 minutes. The real problem is that the 14,000 or so samples that have been received so far this year are bunched in the time between October 1st and now. This is one of the problems which the Soils and Feed Testing Laboratory is solving by expansion.

As things are now, farmers who have mailed their samples to the lab in the first week in November should be receiving their results now.

There has been very little effect on the amount of time required to return a feed sample because there has been only an average increase in the number of samples submitted.

Every possible effort is being made to have your results returned before the first of the year. However, there will certainly be some of the later samples which will not be completed by that date.

LIQUID FERTILIZERS AGAIN

The situation regarding liquid fertilizers has not changed very much in the last year. The only difference between this year and last is that more of our farming neighbors have found out for themselves that liquid fertilizers are not economic at or even near their present prices.

What it boils down to is this; liquid fertilizers are not an economic form of applying plant nutrients to cereal and forage crops in Alberta. At current prices, liquid fertilizers supply plant nutrients at more than five times the cost of nutrients in granular form. Although liquid fertilizers can be applied to the seed, to the row or to the leaves, none of these methods of application are economical. For example, if 25 pounds of phosphate are required per acre it will require 8 gallons of 10-20-10 liquid fertilizer at a cost of $22.00 per acre. This amount of phosphate as 50 pounds of 11-48-0 granular fertilizer would cost less than $3.00 per acre. These figures are arrived at by using liquid fertilizer weighing 15 pounds per gallon and costing $2.75 per gallon and granular fertilizer at $120.00 per ton. I just checked with a local dealer and the price of 11-48-0 is much closer to $100 than $120, which makes the price spread worse.

The application of liquid fertilizer to cereal crops may present some problems. The required amounts of plant nutrients, for example 20 to 30 pounds of nitrogen and 25 pounds of phosphate, cannot be applied as a seed treatment. Seed treatment with liquid fertilizer can supply only a few ounces of nutrients where many pounds are required. On the other hand, applying liquid fertilizer in the seed row can supply sufficient quantities provided adequate amounts of plant nutrients are added say up to 10 gallons per acre. The application of liquid fertilizer to the leaves of cereal crops is limited in that the required amounts cannot be supplied entirely as foliar spray. Tests in Alberta have shown that liquid and granular fertilizers are equally as effective in raising crop yield when equal amounts of plant nutrients are applied. However, it has not proven to be economical at current prices of liquid fertilizers. Fertilizers should always be purchased on the basis of the plant food content and not on the price per ton. Nutrients in the granular form in Alberta, cost approximately 11, 9, and 5 cents per pound for nitrogen, phosphorus and potassium respectively. The equivalent costs using liquid fertilizer at $2.75 per gallon for 10-20-10 nitrogen, phosphorus and potassium are 60, 50, and 60 cents per pound respectively.

Our sincere wishes for a happy holiday to all the good friends whom it has been such a pleasure to serve.

Season's Greetings

As the year draws to a close we take this opportunity of expressing our appreciation of your patronage and goodwill. May you and yours enjoy a Very Merry Christmas and a Prosperous, Happy 1967.

G. S. CARRINGTON, I.H.C.
— LOMOND —

EARLY YULETIDE. This Christmas scene was photographed early in December just in case weather circumstances changed as the Christmas season advanced. With the break in the cold spell which began Dec. 9, the country side has lost its mantle of white and water, and ice lays in streets and walks. Although changes can happen quickly, early this week the outlook was for a brown, rather than a white Christmas. This photo was taken after a snowfall of several inches and this, augmented by a heavy coating of hoar frost, gave a touch of the beauty that winter can bring. It is the home of Mr. and Mrs. S. Nafziger and the setting of fir trees and general landscaping lends itself to a postcard effect which suits the season.

At this season of Good Cheer we wish to express our appreciation of your friendship and patronage and to extend our best wishes for a Very Merry Christmas and a Happy New Year

District News

BLACKIE

Children of Blackie and District are reminded that Santa will be visiting here Dec. 24 at 2.00 p.m., with free candy bags for everyone.

Congratulations are extended to Mr. and Mrs. Jim Laycraft of Claresholm on their chosen daughter Nancy Elizabeth. Congratulations also to the grandparents, Mr. and Mrs. Willis Laycraft.

Get well wishes are extended to Jack Thurber, John Rathgeber and Ted Seney.

JUNIOR RED CROSS

The Junior Red Cross at Blackie elected their officers with Ken Robinson as president. Phyllis Sewell secretary, and Bill Henry treasurer.

The Red Cross is collecting Betty Crocker and Sunny Boy Cereal box tops, Nabob and Blue Ribbon coupons, popsicle wrappers, used Christmas cards and used stamps with a half inch edge.

Anyone wishing to discard their old Christmas cards could give them to any of the grade six class. The Red Cross collected $22 from a recent candy sale held at the school.

UCW MEETING

The December meeting of the Blackie Afternoon UCW was held at the church with Mrs. E. Laycraft as hostess and Mrs. A Paul assisting. There were fifteen members and one visitor present. Mrs. D. Suitor was welcomed as a new member to the group. Mrs. Howden led the devotional period on the Christmas story with Mrs. Malcolm reading the scripture.

A gift for the manse is to be bought for Christmas from the Gladys. Farrow and Blackie UCW's. A box of oranges had been given to the CGIT to enjoy on their trip to Gladys and Farrow on Sunday, when they had their Vesper Service. Donations were made to St. Stephen's College and Mount Royal College.

As a centennial project for next year the UCW is going to enlarge the choir loft and make a new entrance at the kitchen side.

For program the Junior choir came from the school and sang. This was enjoyed by all. A Christmas lunch followed served by the hostess and assistant.

FAIRVIEW REBEKAH LODGE

Following the regular meeting of Fairview Rebekah Lodge Dec. 12 a Christmas party was held with 25 Rebekahs and their husbands present.

Birthday games were played for those with birthdays in July, August and September which was won by Calvin Johnson and Mrs. J. Edgerton won the birthday gift for October, November and December. Following a game everyone took part in the singing of several carols.

Art Johnston and Rod Johnston, Charter members, were presented with pins by Noble Grand, Mrs. Jim Stier. Mr. and Mrs. Bill Runcie were presented with a gift for their 25th wedding anniversary, and Jim Stier was presented with a gift from the Rebekahs for his faithful service of auditing the books. The evening concluded with a lovely turkey sopper.

LOMOND

Friends will be sorry to learn that Mrs. Henry Crawford has been a patient in the Brooks Hospital. All wish her a speedy recovery.

Mr. and Mrs. Paul Ost, Jr., were Lethbridge visitors on Thursday of last week.

Mr. and Mrs. Fred Maronda were visitors in Calgary on Thursday of last week.

Mr. and Mrs. Pete Ruppert were visitors in Vulcan on Wednesday of last week.

Mrs. Bob Ensign is a patient in a Lethbridge hospital. All her friends wish her a speedy recovery.

Most of the College and University students from Edmonton, Calgary and Lethbridge are home for the holidays.

Mr. and Mrs. Pete Ruppert were visitors in Calgary on Friday of last week.

The Lomond Lions Club held their Annual Children Christmas party at the Community Centre on Saturday, Dec. 17. Approximately 250 children were on hand to see Santa and receive candy bags. Comedy films were shown by Mr. Bell of the Alberta Wheat Pool and Christmas music was provided by Alec Fraser.

Mrs. Leon Perrault and young son Gil of Calgary are visitors at the home of Yvonne's parents, Mr. and Mrs. Fred Crawford and family.

ST. JOHN'S ANLICAN GUILD

The St. John's Guild met at the home of Mrs. Florence Hart on Dec. 13, with a good attendance. The meeting was opened by repeating the Lord's Prayer in unison.

Following the regular business, the members planned the Lions supper for Dec. 20, and for a raffle of a home-made Christmas cake which was donated to the Guild. The draw for the cake will take place on Saturday, Dec. 24, about 6:00 p.m. at Frost's Store.

Roll call for the next meeting will be a cent from each member for each letter in the address of her birthplace. The January meeting will be held at the home of Mrs. Norman Kunkel, Jan. 10. On lunch will be Mrs. H. Goldthorpe and Mrs. M. Frost.

A lovely Christmas style lunch, served by the hostess brought the evening to a close.

There is nothing so easy but that it becomes difficult when done with reluctance.

At this joyous season, we take great pleasure in thanking you for your loyal patronage and in wishing you and your family a very Merry Christmas!

99 BELOW. It wasn't quite that cold when this photo was taken but you'd never convince these boys. This was an extension of the tree raising project for the downtown main intersection which began Sunday, Dec. 4 and was temporarily abandoned due to the bitter wind. During the following week the hoped-for break in the cold failed to materialize so a crew went up on loaders and finished hanging the lights. That's Ernie Bowie with his mouth open but it isn't known whether that's a smile or whether he got half way into a sneeze and he froze that way. With him are Vernal Haga, Gordon McKay and Donald Houlton.

The Christmas tree and the organizing of Santa's visit are annual projects of the four local organizations, Legion, Eiks, Kinsmen and Lions.

Our warmest wishes for a Christmas abounding in all the spiritual joys of this holy time.

Southern Alberta Oldtimer Considered Greatest Farmer

THE SOUTHERN ALBERTA FARMER WHO PRODUCED 54,000 BUSHELS OF HARD SPRING WHEAT ON ONE THOUSAND ACRES.

(By LEONARD NESBITT in the Brooks Bulletin)

AUTHOR'S NOTE

Much of the information in this article was obtained from material written by Hector B. Gilchrist, a Calgary lawyer who was intimately acquainted with Charles Noble.

Mr. Gilchrist retired years ago and moved to Owen Sound, a picturesque town on Georgian Bay in Ontario. He wrote a number of articles on oldtimers he had known in Southern Alberta, one of which was entitled "Charles Noble, the West's Greatest Farmer."

Mrs. Fred Edmonds, a sister of the author of this article, was an Owen Sound neighbor of Mr. Gilchrist and he gave her copies of his writings. Mrs. Edmonds sent them on to me over ten years ago.— L.D.N.

* * *

In 1915 weather conditions in Alberta during the grain growing season were ideal. Rainfall came in desired quantities just when needed. The beneficent rays of the late spring and summer sun brought a heavy crop growth. The fine weather extended well into the harvest season. That year the average yield in this province was 31.1 bushels to the acre. That figure still stands as a record for Canada's prairie provinces.

In that year Charles Sherwood Noble, a southern Alberta farmer, produced 54,500 bushels of hard spring wheat on one thousand acres of land, an average of 54.5 bushels to the acre. That was then claimed as a world record for average production of hard spring wheat. It still may hold that title.

The Same Year

On another one thousand acres under oats on the 4,000-acre Noble farm the production totalled 126,000 bushels—126 bushels to the acre. And in a separate 100 acres of oats the yield was 13,000 bushels—130 bushels to the acre.

At that time Mr. Noble was considered the greatest farmer in Western Canada. The hamlet of Nobleford, some 25 miles north of the city of Lethbridge, was named after him. A large framed portrait of the man hangs in the Agricultural Hall of Fame in the Legislative Buildings, Edmonton.

Came To Alberta In 1902

Charles Sherwood Noble was born in the state of Iowa, USA, on May 16th, 1873. As far as is known he had a public school education. In 1897 he went west to North Dakota and filed on a homestead of 160 acres which he proved up. But that was a rather limited operation for the ambitious young farmer and when he read of an agricultural El Dorado opening up in Western Canada he decided to move to Southern Alberta. So in 1902 he landed in Claresholm and decided to go into business before selecting a farm location. He was agent for the Massey-Harris farm implement company for a period and also sold farm land.

A few years later Mr. Noble located a desirable 4,000 acres of good land owned by an estate in Oregon. It was located close to the hamlet now bearing the name of Nobleford, which is about 25 miles north-east of the city of Lethbridge. He made a deal to pay $25 an acre for the land, thus obligating himself to pay out $100,000 with interest over a period of years. Later on he bought more land from the Canadian Pacific Railway and built a grain elevator at Nobleford. He was no 'piker' when he went into farming there.

For the next few years things did not break very well for the ambitious Mr. Noble. He found himself in arrears of $50,000 in principal payments and $10,000 in interest.

Given A Chance

The law firm of Aitken, Gilchrist & O'Rourke, Calgary had received a letter from Judge Fee, a lawyer in Pendleton, Oregon, who requested the Calgary lawyers to look over the big Noble farm and talk with Mr. Noble and advise whether or not to foreclose on the property.

Hector H. Gilchrist, a member of the firm, was sent to Nobleford in the month of June in a year Mr. Gilchrist does not specify. He wrote:

"Mr. Noble took me all over the ten thousand acres in an old Ford car and we took down what he said in wheat, oats and barley. We stood in the midst of thousands of acres of beautiful summer-fallowed land. It all looked like a beautiful garden. There was not a weed of any kind or size to be seen anywhere.

"As I caught the CPR train to Calgary in the evening I walked down the station platform with Mr. Noble and he asked, "What is it going to be young man?" I replied, "You are the best damn farmer I have ever seen in my life and if this land is any good you will surely pay for it the way you are farming, and I intend to write Judge Lee and tell him to give you every chance." Mr. Noble said, "Just tell him to give me a chance and I will pay up."

Becomes A Millionaire

The chance was given to Mr. Noble and he continued to produce crops. Wheat prices were low for some years, averaging around 75c a bushel net to the farmer. In 1914, which was a dry year, wheat crops averaged 17 bushels to the acre and the price had risen to 90c. In 1915, the year of his record production, the farm price was 88c a bushel. After that wheat prices rose to $1.33 in 1916, $1.74 in 1917, $1.92 in 1918 and $2.21 in 1919.

The wheat prices quoted above are the average net to the farmer. The highest price for 1 Northern wheat basis Fort William was $2.63 for the 1919 wheat crop.

Good crops and high prices created booming conditions in the west

and the income taxes, particularly in the early years, were non-existent or nominal.

"I am worth a million dollars," declared Charles Noble, "and I made it with my own hands."

He could reflect with satisfaction his recovery from the early years when his credit with the banks was gone and he was in the hands of the Canadian Credit Men's Association.

The war and good farming made Mr. Noble a millionaire. But that did not content his restless spirit. In 1918 at the peak of the war boom he bought the 22,000 acre Cameron ranch lying between Nobleford and Lethbridge. He put crews at work breaking the land at the rate of 396 acres every 24 hours until 14,000 acres were broken and ready for cropping.

By 1919 Charles Noble, a man with a village school education, was owner of 56 sections of farm land, which works out at 35,840 acres, and was considered to be the biggest wheat farmer in the British Empire. He had 600 horses and mules for farm power and was running 61 binders during the harvest season.

Disaster Strikes Again

Beginning in the year 1920 a disastrous post-war slump developed, bringing ruin to many farmers in Western Canada. Wheat prices dropped from a peak of $2.20 to a low of 65c a bushel and there were years of poorer crops. The prices of all farm products deteriorated ruinously and the prairie provinces were in the dumps.

At the time Mr. Noble owed a quarter of a million dollars to the Spokane Trust Company and Bank of Montreal. The two creditors quarrelled over who should rank first in payment and the result was a foreclosure of the Noble estate. Other creditors put in claims and an auction sale of the Noble assets continued for three days and netted $650,000. All assets, even the beautiful Noble home which had cost $16,000 (big money at that time), were sold. Mr. Noble said he did not blame the banks and there was no bitterness in his heart.

Here was a man who had dared greatly, toiled endlessly and built up a fortune in pioneer farming and had seen all he built tumble into ruins.

But Charles Noble, was made of stern material. He had been through the financial wringer before and fought his way out. He had ability and integrity and was really a scientific farmer. He was then about 48 years old.

With what capital was left Mr. Noble and his two sons commenced to buy back the home and some of the farm land, piece by piece. Economic conditions improved and eventually they had recovered possession of from five to six thousand acres and were back in the farm business with a full line of equipment.

The Noble Blade

Charles Noble possessed originality and a spark of genius. He invented a cultivating machine more commonly known as the Noble Blade which even now is being manufactured at Nobleford and has found markets not only in Western Canada but also in the Western United States. The blade cuts under the surface of the soil to a depth of several inches and slices off surface weeds while cultivating the land to the required degree. Its operation provides an economical method of cultivating the soil and preventing soil blowing, to which the prairie land is susceptible in windy seasons.

* * *

The story of Charles Noble is part of the agricultulal history of Alberta. As such the record is herewith related, it has a trouch of romance as well as furnishing an example of what hard work, energy, brain power and great daring can accomplish.

And may your Yuletide be bright with peace and happiness.

At this season of Good Cheer we wish to express our appreciation of your friendship and patronage and to extend our best wishes for a very **MERRY CHRISTMAS & A HAPPY NEW YEAR.**

Early Cleaning Of Seed Urged

To avoid the spring rush and to take advantage of discounts being offered by seed cleaning plants, Alberta farmers are urged to start cleaning their seed grain as soon as possible.

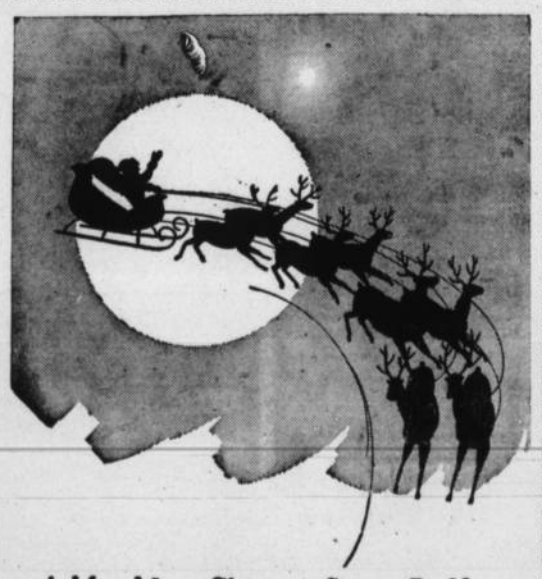

O. G. Bratvold, Supervisor of the provincial Plant Industry's Crop Improvement Service, points out that 12,000,000 of the 18,000,000 bushels of cereal grain planted annually by Alberta farmers are cleaned by 59 municipal seed cleaning plants. Obviously it is impossible for them to clean this volume of grain in the two or three months before seeding starts.

In addition to being able to get an appointment easily at this time of year for seed cleaning, farmers can take advantage of the lower rates per bushel being charged by the plants during the off-season.

Mr. Bratvold also points out that eliminating weeds from cereal seed is one of the cheapest and most effective forms of weed control a farmer can practice. It is also important to remember that the seed is graded into different sizes during the cleaning process, thereby enabling the operator to select the larger kernels for planting. Large kernels, being more vigorous than smaller ones, usually have a higher rate of emergence and are better able to withstand adverse weather conditions. In the case of barley, the large kernels have a lower incidence of loose smut infection.

According to Mr. Bratvold, treating seed in the fall and holding it in storage during the winter months is just as effective from the point of view of disease control as treating it in the spring. There is no detrimental effect to germination unless the seed is damp or tough.

A single storm in 1934 blew 300 million tons of soil from the overplowed prairies of the United States.
